Subject: trash pickup

I've been out of town but all I've heard since I've gotten back is Kudos to you two for getting the trash picked up and snow removal. Believe me it is appreciated. One question I'm uncertain on is what is the city plan for this week? Should we put our trash in front of the houses like last week or are we back to normal pickup? We are on a Thursday pickup schedule in our area. I will pass on the advice in an email to the neighborhood if you know what we are supposed to do.

Thanks
Bob Avery

Subject: Re: No trash pick-up

Dear Mr. del Junco,
Thanks for your intervention. The truck arrived and emptied the can, which has now been relocated in our backyard. **We are grateful for your help on this.**

Sincerely,
Grace Bottelier

Subject: RE: Pick-up of recyclables from curbside - still hasn't happened.

Thank you very much for your prompt reply and the promised action.

I can only imagine how overwhelming these last few weeks have been for the DPW and other services in the City, and while we had our little problem of recyclables at 4123 Military, that was nothing compared to everything else happening around us. **I wish to thank the DPW and the Mayor's Office for an incredible job of coping, both with the elements of nature and the citizens of this amazing city.**

Thank you again.

Karen Handford
4123 Military Rd. NW

Subject: Re: Assistance needed - update

Thanks for your prompt response. I did get a call yesterday from the Department of Employment (Director's office), and they apologized for all the issues, and she promised to get back to me today with a resolution. I'll let you know if I have any other problems (lucky you!). **Again, I do appreciate your quick response. VERY impressive and VERY much appreciated.**

Best,

Dianne

Subject: Trash Collection in Foxhall Village

Just to let you know, Drew, that the trash and recycles were all promptly picked up from the alley servicing lower Greenwich, Q, and Surrey Lane.

We really appreciate your help with the Surrey Lane snafu this past weekend.

Subject: News!

Guys,

Earlier than we ever expected, a Mobile Speed Unit car showed-up at the 3500 Block of Massachusetts Avenue this past Saturday morning. The Unit was there at 8 a.m and stayed to 1 p.m. (During those 5 hours I had to wear sunglasses each time I stepped out my front door because the incredible number of brake lights that were being applied!!!!) My wife and I spoke with the (very pleasant) Officer (Osborne) shortly before he left at 1 p.m.. His results were startling.

...

Again, thanks very much for making the neighborhood a safer neighborhood

Cheers, TEB
